The 3rd International Symposium on the East Asian Environmental Problem
(EAEP 2009)

Nishijin Plaza, Fukuoka, Japan
December 3-4, 2009

Announcement

Organized by

Research Instuitute for East Asia Environments (RIEAE), Kyushu University

Schedule of Events

Symposium (Nishijin Plaza)

🔴 December 2 (Wednesday)

    16:00- **Registration**

🔴 December 3 (Thursday)

    9:00- **Registration**

    9:30- **Opening Remarks**, **Welcome Address** and **Guest Speech**

    9:50- **Invited Lecture**

    11:00- **Session 1**: Aqueous Environment and Hydrology, Marine Environment

    12:00- Lunch

    13:30- **Session 2**: Urban Environment (Session 3: canceled)

    16:15- Moving

    17:00- **Evening Reception** (Hakata Excel Hotel Tokyu)

🔴 December 4 (Friday)

    9:00- **Session 4**: Atmospheric Environment, Environmental Chemistry

    11:45- Lunch

    13:00- **Session 5**: Environmental Planning and Management

    14:45- **Session 6**: Desertification Prevention

    17:30- **Closing Remarks**

Observation Tour (Minamata City, Kumamoto)

🔴 December 4 (Friday)

    14:45- Moving by bus (to Minamata)

🔴 December 5 (Saturday)

    8:30- **Observation**

    12:00- Lunch and Moving by Bus (to Fukuoka)

Notice

Registration

🔴 Submittion of Full-text paper/Participation in Symposium

Registration should be made in advance to submit papers and participate in symposium. Please download (*http://q-eaep.kyushu-u.ac.jp*) and fill out the 'Registration Form' and send it us.

🔴 Registration Fee

No Registration fee charged for invitational Lectures, authors/co-authors and members of RIEAE. Those otherwise participants please contact us (E-mail: *eaep@rieae.kyushu-u.ac.jp*).

Deadline

🔴 Full-text Paper and Copyright Transfer

    November 2, 2009

🔴 Registration

    November 23, 2009

Presentation

🔴 Oral Presentation

An oral presentation should be done **in English**. In addition, a poster session is not planned.

🔴 Presentation Material

A presentation material should be made **in English** and **by Microsoft Power Point** for Windows.

Call for Papers

The East Asia countries, especially China, have been achieving rapid economic progress. However, this progress inevitably accompanies serious environmental repercussions. Environmental issues have no national boundaries. What is important is not to look on our neighbors' misfortunes with indifference, but to maintain the reciprocal relationship. It is also of urgent matter that the scientists of East Asia countries including China, Korea and Japan cooperate and find comprehensive solutions for these environmental issues.

We would like you to participate in the 3rd international symposium on the East Asian Environmental Problems, which will be held on December 3-4 in Fukuoka. This symposium presents scientific knowledge, technologies, and environmental issues. Topics of major interests are listed below:

1. Urban environment
2. Low carbon society
3. Food risk and assessment
4. Aqueous environment and hydrology
5. Desertification prevention
6. Atmospheric environment
7. Marine environment
8. Environmental chemistry
9. Environmental planning and management

The deadline for submitting **abstracts** in English (less than 200 words) is **October 5, 2009**. Please submit your abstract electronically to the e-mail of the symposium secretariat. After the receipt in your abstract, we will send a guidline of full-text papers for the proceedings of EAEP 2009.
